

First-Class Remote SQL Server DBAs

Our FlexDBATM SQL Server Remote DBA offerings give companies peace of mind by providing reliable, on-demand, expert SQL Server DBA coverage without the overhead. Companies have the ability to move from one level to another, as needed. It's common to start at a higher level to tackle immediate issues, then go to a lower level for maintenance. We'll monitor and secure your environment, future-proof your database, fix problems when they happen, and mentor your staff.

We're There When You Need Us

- » You can choose from flexible Remote DBA plans
- » We will be an extension to your technology team
- » Problems will be prevented before they occur
- » We will mentor your staff
- » You can enjoy 24/7 coverage
